Currently pursuing a B.Tech in Computer Engineering with Honors in Artificial Intelligence and Machine Learning (AIML) at Fr. C. Rodrigues Institute of Technology (FCRIT). Passionate about software engineering and eager to apply my technical skills, analytical thinking, and problem-solving abilities in real-world projects and internship opportunities.

EDUCATION

B.Tech, Computer Science & Engineering Fr. Agnel Polytechnic	CGPA: 8.43/10 (Till Sem 4) May 2027
12th HSC S.I.A. Junior College, Dombivli (PCMB)	67.38% March 2023
10th SCC S.I.A. High School, Dombivli	84.45% March 2021

PROJECT

MahaTourism – Smart Travel Companion

MahaTourism is a cross-platform mobile app built with **Expo** that allows users to seamlessly book **flights, hotels, and travel packages** all in one place. It also features an integrated **AI-powered itinerary planner** that customizes travel plans based on the user's preferences, making travel planning smarter and easier than ever before.

Grocery Shopping Website

A modern grocery shopping website with **React** frontend and **PHP** backend.

Virtual Banking System

The Virtual Banking System source code is **Swing** and **MySQL**. It allows users to sign up, login, retrieve balances, deposit, withdraw, transfer between accounts, and list statements. The platform includes easy to use and interactive messaging for banking activity, real-time updating and secure data storage.

CodeGuard	–	Online	Code	Evaluation	Platform
CodeGuard is a full-stack web application built using Next.js, Node.js, Express.js, Supabase, Docker, Python, and C . It enables users to write, execute, and evaluate code securely in real-time. The platform uses Docker containers for isolated code execution and supports multiple programming languages like C and Python, providing a safe and efficient environment for coding practice and assessments.					

SKILLS

Technical Skills

• Java	• Full Stack Development	• MySQL
• React	• React Native	• Express.js
• Git	• Vibe Coding	• Python(Basics)

Soft Skills

• Active Listener	• Problem Solver	• Positive attitude
-------------------	------------------	---------------------

CERTIFICATES

• HackQuinox • Udemy	• Mastering C & C++ Programming Udemy	• Data Structures Using Python Udemy
• Python Course Udemy	• 30 hrs Java Bridge Course FCRIT	• Basic Electronics Bridge Course FCRIT
• Mern Stack Developer Success Classes of Engineering	• Deloitte Australia - Cyber Job simulation Forge
